Re: Bales Mold Service and Elsworth Industrial Park Superfund Site

Dear Mr. Enwiya:

Please be advised that this office represents Bales Mold Service regarding the above referenced matter. Recently you have asked our client to sign a Consent for Access to Property. Unfortunately, I cannot advise my client to execute this document in its current condition. The document must be more specific concerning the type and place of monitoring and sampling activity which USEPA desires to perform on my client's property. Further, the document must contain a date upon which such sampling must be completed. Finally, we will not grant the USEPA the right to perform any other action to investigate contamination on the property without prior consent of my client.

If you wish to discuss this further, please call me at your earliest convenience.

Very truly yours,
STONE, POGRUND & KOREY

Christopher T. Nowotarski
